Brief Note on APAGROS

The State of Andhra Pradesh has established ANDHRA PRADESH STATE AGRO INDUSTRIES DEVELOPMENT CORPORATION LIMITED during the year 1969 with an intention to serve the farming community in co-ordination with Government of India. Where in the APAGROS was especially motivated the Small and Marginal Farmers to double their income by developing waste lands with our Bull Dozers and as well as by Providing inputs such as Seeds, Fertilizers and Pesticides at low cost with quality. And also, APAGROS has popularized as it means for transfer of technology in Agriculture to the Farming Community and got its own brand image by serving the farming community with above mentioned intentions since last 53 years.

ARSK can be called as One Stop Service Centres at Mandal Level:

In the interest of Farming Community, it is proposed to place Agro Rythu Seva Kendra (ARSK) outlets at mandal level for supply of Seeds, Fertilizers, Pesticides, Tractor Trailer, Water Tankers and other agriculture equipment under General Business.

For the maintenance of ARSK outlet exclusively an Agriculture graduate with B. Sc (Agriculture & Horticulture), B. Tech (Agricultural Engineering), B.Sc., Diploma in Agriculture, Horticulture, Engineering/ essentially required for smooth functioning of the activity. Rs. 3,10,000/- as trade advance deposit can be collected from each ARSK entrepreneur. Preference will be given to the persons of native mandals.

The benefit of ARSK is under:

1. ARSK will act as a retail outlet for supply of all kind of Agriculture Inputs and Equipment to the farming community and as an outlet for General Sales Agri. Business at mandal level.
2. An unemployed graduate will get more opportunities and will meet the local farmer's need. So that we can analyze the actual need of the farmers and that will lead to achieve in our goal of doubling the farmer's income.

The main object of this ARSK is to transfer the technology from the place of manufacturing to the field where the productivity can be increased.
